PROFILE

“Passionate Computer Science student with a strong interest in Artificial Intelligence and Machine Learning, seeking opportunities to learn, grow, and apply technical skills to build innovative solutions.”

EDUCATION

- Kashi Institute Of Technology *Varanasi, India*
Bachelor of Technology in Computer Science Engineering(CSE) *2023 – 2027*
- Year/Semester: 3rd Year / 6th Semester
CGPA: 7.9
- MLIC Inter College *Mirzapur, India*
Intermediate (Class 12th) *2023*
80%
- MLIC Inter College *Mirzapur, India*
High School (Class 10th) *2021*
75%

SKILLS

- **Languages:** Python, SQL, JavaScript, C
- **Web Technologies:** HTML, CSS, Responsive Design
- **Libraries:** NumPy, Pandas, Matplotlib
- **Database:** MySQL
- **Core Subjects:** DSA, DBMS, Operating Systems, Computer Networks
- **Tools & Platforms:** Git, GitHub, VS Code, Jupyter Notebook

EXPERIENCE

CodSoft

Python Programming Intern

Kolkata, India

DEC 2025 - JAN 2026

- Completed Python Programming Internship at CodSoft with hands-on experience in Python projects, problem-solving and application development.
- Applied object-oriented programming, exception handling, and file management techniques in project development.
- Collaborated in a virtual development environment to deliver projects within deadlines.
- Enhanced analytical thinking and debugging capabilities through hands-on coding assignments and also gained practical exposure to software development life cycle(SDLC) and project implementation strategies.

PROJECTS

Project 1: Personal Portfolio Website

- Designed and developed a fully responsive portfolio website using HTML, CSS, and JavaScript.
- **Tools and Technologies:** HTML, CSS, JavaScript, VS Code, GitHub
- **Methods:** Responsive Design, Flexbox, Media Queries, DOM Manipulation
- **Frameworks/Libraries:** Vanilla JavaScript, Tailwind CSS, AOS
- **Result & Impact:** Built a responsive portfolio website with modern UI/UX and interactive features, improving accessibility across all devices.
Strengthened practical skills in frontend development, responsive design, and performance optimization.

Project 2: The AgroBase

- Built a scalable smart agriculture platform integrating AI/ML crop recommendation, blockchain-based marketplace, and government scheme integration to improve farmer income, transparency, and accessibility in rural India.
- **Technology Used** → **Frontend:** React.JS, Next.JS / **Backend:** Node.JS, Express.JS / **Database:** MongoDB
AI/ML: Python, Scikit-learn / **Cloud:** AWS, Firebase

CERTIFICATIONS

- Oracle OCI 2025 Certified Generative AI Professional – OCT'2025
- IBM Python 101 for Data Science – SEPT'2025
- Data Analyst 101(Microsoft) – OCT'2025
- Programming Fundamentals using Python(Infosys Springboard) – APRIL'2026

ACHIEVEMENTS

- **Smart India Hackathon 2025**, Participant
 - Project Title: The AgroBase- Smart Agriculture Management System
-
